

# CVS WEEKLY ROUNDUP

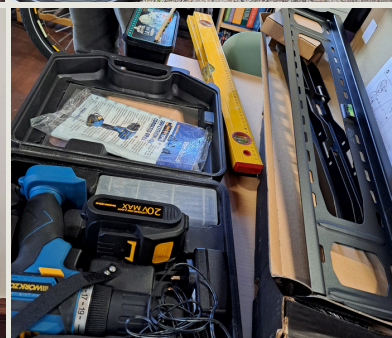

Welcome to the Community Veterans Support's weekly newsletter, where we bring you a complete roundup of the week's activities. From the latest insights and highlights to exciting developments, we've got everything you need to stay informed and engaged. Join us as we explore the noteworthy events and updates that shaped our week!

## CHANGE OF SCENERY

The lads made a few additional decorative decisions to enhance the overall feel of the centre's space. Two of those key choices was mounting our television and SLR Model on the wall, which not only freed up space but also gave the room a cleaner, open look.

They took their time to get the placement just right, making sure it was centred and at the perfect viewing height. It was a small change, but it made a big difference, pulling the whole setup together and giving the space a fresh look 📺

## EARLY REMEMBRANCE CELEBRATIONS

Thales recently visited to collect metal brackets they had designed and manufactured to hold poppies for Remembrance events. These custom brackets played a key role in last year's commemorations and they are now producing additional brackets in preparation for this year's Remembrance events 🇫🇷

## THE MECHANIC

Iain has been out in the bike lock up recently servicing some of our bikes, ensuring they're in top condition for our members. His work helps keep our fleet safe and reliable and ready for summer rides! Don't forget-we still have a bike available for purchase if you're looking to get riding - please visit our Gumtree page for more information 🛒
